

## **GERMANY SPAIN PARTNERSHIP – INTERNATIONAL SCIENCE CAMPUS FOR WOMEN 2019**

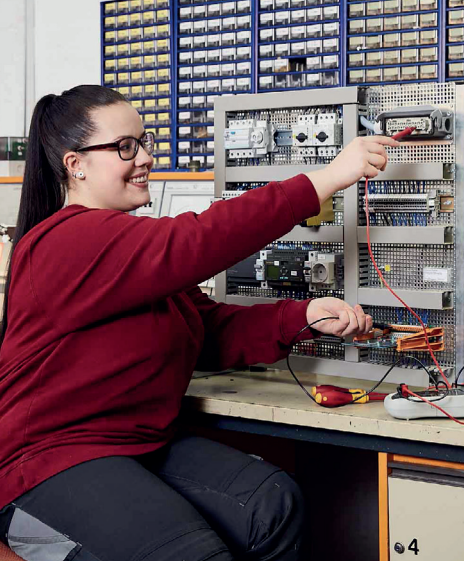

**IS IT POSSIBLE TO CONNECT SPAIN'S NEXT  
GENERATION OF FEMALE STEM SCIENTISTS  
WITH FRAUNHOFER?**

**YES.**

Fraunhofer offers a one-week workshop  
in Germany to learn more about an  
international career in science.

**APPLY NOW!**

### International Science Campus

The International Science Campus is organized by the headquarters of Fraunhofer and brings together female Spanish and German students. Throughout your one-week stay you will get to know different Fraunhofer Institutes in Germany.

- “ Fraunhofer is open to talents from the international research community
- “ Fraunhofer’s corporate mission is to support female scientists to reconcile their family and career
- “ Fraunhofer aims to raise the profile of women in science, e.g. by increasing the number of female scientists
- “ Fraunhofer enables you to enjoy access to a valuable economic and scientific network following your work experience in Germany

### Why to Apply

The program provides a unique opportunity to forge personal and professional relationships. Participants:

- “ get free flights to Germany and back
- “ get free accommodation
- “ meet Fraunhofer experts from different institutes
- “ learn about postdoc and job opportunities
- “ acquire priceless applied research workshop and management training experience

### How to Apply

Fill in the attached form and sent it to:  
sre.etsist@upm.es

### Schedule 2019

Sunday, 7th of April: Flight from Spain to Germany, transfer to accommodation  
Monday, 8th – Thursday, 11th April: Visit to different Fraunhofer Institutes  
Friday, 12th April: Flight back from Germany, Nuremberg to Spain

### About Fraunhofer

Fraunhofer is Europe’s largest application-oriented research organization. Our research efforts are geared entirely to people’s needs: health, security, communication, energy and the environment. As a result, the work undertaken by our researchers and developers has a significant impact on people’s lives. We are creative. We shape technology. We design products. We improve methods and techniques. We open up new vistas. In short, we forge the future. For further information visit: [www.fraunhofer.com](http://www.fraunhofer.com)
