

ADMISSION TO INTERNATIONAL DOUBLE MASTERPROGRAMMES ACADEMIC YEAR 2024/25

The ETSIST has currently in force the following international double Master's degree agreements:

- **Master in Internet of Things (MIoT):**
 - With Politecnico di Torino (Italy): [agreement](#) + [addendum](#)
 - With Technische Hochschule Köln (Germany): [agreement](#)
- **Master in Wireless Communications (MWC):**
 - With Tongji University (China): [agreement](#)
 - With Technische Hochschule Köln (Germany): [agreement](#)

Students enrolled in either of these two Master's programmes during the academic year 2024/25 may apply for admission to one of the aforementioned double degree programmes by e-mail, attaching the following **documentation**:

1. Letter of motivation
2. Accreditation of the language level required in the corresponding double degree agreement.

Applications should be sent from the @alumnos.upm.es email accounts to the following addresses:

- for MIoT → master.iot@upm.es
- for MWC → master.wireless@upm.es

The **deadline** for applications for the academic year 2024/25 is 30 December 2024. In case not all places foreseen in the agreements are filled, an extraordinary application period will be opened until 31 March 2025, except for Tongji University. Students applying in the extraordinary period will not be eligible for Erasmus+ funding for their mobility periods.

Applications will be assessed according to the criteria set out in each agreement.
